

Purdue Enterprise Reference Architecture

Handbook on Master Planning and Implementation for Enterprise Integration Programs

8

9

10

12

13

15

14

16

1. Architecture Overview

2. Core Components and Services

3. Data Management and Integration

4. Application Integration and Interoperability

5. Master Planning and Governance

6. Implementation Methodologies and Best Practices

7. Case Studies and Examples of Successful Implementations

8. Performance Metrics and Monitoring

9. Security and Compliance Considerations

10. Future Trends and Emerging Technologies

11. Appendix: Glossary and References

12. Conclusion and Next Steps

13. Acknowledgments and Special Thanks

14. Appendix: Detailed Architecture Diagrams

15. Appendix: Sample Configuration Files
